Cucina Colore

...it's all about passion

Live life the Mereway...

CREATING INSPIRATIONAL KITCHENS SINCE 1986

Over the last 30 years we have built an enviable reputation for not only creating beautiful, hand crafted kitchens here in the UK but by offering the kind of customer service that others can only aspire to.

The collection you are looking at here is...

Cucina Colore

...other collections include:

ENGLISH  REVIVAL

TOWN & COUNTRY
COLLECTION

All our kitchens are constructed using traditional materials and methods with an obsessive attention to detail. We are confident that you will not find comparable kitchen's built quite like this.

That's because our way, we believe, is the best way and that way is the Mereway.

1986

EARLY CARCASS UNIT
An example of one of our first carcass base units illustrating glued and dowelled rigid construction, Continual adjustable legs and single piece plastic drawer box.

OUR FIRST PREMISES
Production of kitchen carcasses for independent retailers starts in a small 2000 sq. ft. warehouse at Unit 8, The Fordrough, Birmingham.

1989

COLOUR CO-ORDINATION
Originally only offered in Light and Medium Oak, we are the first kitchen company to produce a colour co-ordinated carcass unit. Thought novel at the time, it is now considered the hallmark of a quality kitchen.

1992

SUPERIOR CARCASS QUALITY
Publicity stunt by a Mereway customer demonstrates the strength of our rigid glued and dowelled Mereway 'car'cass units.

1994

ENGLISH REVIVAL COLLECTION
Mereway develop and introduce a new range of classic period kitchens aimed at the bespoke market.

1995

NEW MEREWAY 'COMPLETE'
We launch the facility for customers to order units and doors from one supplier and move from being a component supplier to a full kitchen manufacturer. We go to market with our first full colour brochure and turnover increases by 43% in just one year.

1996

NEW PREMISES AT REDFERN PARK WAY
Mereway move the main manufacturing site to a new 70,000 sq. ft. factory to accommodate growth. This extends the total manufacturing capacity to 110,000 sq. ft.

1998

FACTORY EXTENSION
The growing popularity in Mereway kitchen styles sees the main factory extended by 30,000 sq. ft. increasing our manufacturing capacity to 140,000 sq. ft.

2005

MEREWAY BATHROOMS
Mereway Bathrooms move to a separate production site of 30,000 sq. ft. and is established as a separate company.

2006

CUCINA COLORE
The market sees a move towards experimenting with colour. We respond with the introduction of a new collection of contemporary Italian inspired designer kitchens which accounts for over 20% of our business within the first 12 months.

2007

NEW HANDLELESS RANGE
Mereway Kitchens become one of the first British based manufacturers to produce a truly handleless kitchen for the Italian inspired Cucina Colore collection.

2009

INVESTING IN THE FUTURE
Mereway Kitchens invest in new spraying, polishing and finishing technologies to become one of the first UK manufacturers to produce high gloss MFC door finishes in-house.

2010

ENGLISH REVIVAL REBIRTH
A growing market for bespoke traditional kitchens sees us use our considerable manufacturing skills to re-launch English Revival: a new range of traditional and contemporary in-frame kitchens.

2011

SOCIAL MEDIA
Mereway's social media presence grows with the development of a number of high profile, successful campaigns.

2012

FIRST VIRAL CAMPAIGN
While celebrating 25 years of Mereway, we created a film of a tank showing the quality of our kitchens compared to flat pack. The film goes viral and is a huge hit. Visit www.merewaykitchens.co.uk

2013

ENGLISH REVIVAL MODERN CLASSIC
Mereway Kitchens create a new look with the launch of their English Revival Modern Classic range. This is widely recognised in the industry and is nominated for the prestigious KBB most innovative kitchen design award.

2015

TOWN & COUNTRY
Mereway Kitchens launch a new concept where the look of the kitchen can be changed dramatically through careful choice of range content.

2016

30 YEARS OF MEREWAY
Now firmly recognised in the industry for our market leading quality and service, Mereway celebrate 30 years of success.

2017

ENGLISH REVIVAL SIGNATURE
Mereway Kitchens create a new look with the launch of the Signature English Revival range. A contemporary evolution of a much loved classic.

We recognise that we have a vital role in helping to protect the local and global environment and are proud to use a wide range of sustainable products throughout the production process. These include timbers that have been FSC certified or Pan European approved, or have originated from managed forests.

Live life the Mereway

A coffee is just a coffee, right?

Well for me, there's the 'run of the mill' coffees and then there's that 'special' coffee. The one that tugs and plays with all your senses.

The coffee you fall in love with.

An instant coffee is just that, instantly made and instantly forgotten.

But a speciality coffee? Well that's just it, isn't it? It's just that little bit exclusive because it's just that little bit special.

It's a coffee that rises above the mundane and fulfils all your expectations. In short, it's what a good coffee should be.

Now, what has this to do with kitchens?

Try replacing the word coffee in the above with the word kitchen and maybe you'll see where I'm coming from!

There are kitchens and then there are Cucina Colore kitchens.

Call me hard to please...

Cucina Colore is inspired by cosmopolitan culture and embraces the very finest in contemporary living.

Whether my taste is for a bold statement look or a soft natural scheme, Cucina Colore gives me the ultimate in design flexibility through a range of interchangeable cabinet finishes, door colours and handles, all designed to work in complete harmony to help me create my own unique designer kitchen.

... but I like the Mereway of doing things.

Call me 'passionate'...
But I like the Mereway of doing things

Penelope Jordan
Award winning
textile artist

The Cucina Colore designers are very passionate about good design.

I share that passion and like them, these are the words that inspire me

My name is Penelope Jordan and I would like to share my love of good art and design to show you how Cucina Colore through its range of interchangeable cabinet finishes, door colours and handles, offers you the ultimate design flexibility and brings colour, texture and drama to the one room in the house that can be truly called the heart of the home...

... the kitchen

Penelope
Jordan
penelopejordan.com

Penelope's unique and beautiful art focuses on using a variety of textiles in a controlled repetitive order, exploring different ways of placing and folding shapes in a structured space, at the same time combining contrasting colour combinations to create a harmonious, engaging piece of art that is three-dimensional, tactile and pleasing to the eye.

Drama

Choosing from so many exciting options can appear a little overwhelming. So lets make it easier

options can appear a little overwhelming.

Start by breaking the kitchen down into defined sections.

Here I have used the Segreto door style and broken it down into three sections (a), (b) and (c).

Now lets keep it simple by using one colour and one texture.

Now let's try different textures finishes and colours.

What about combining two Painted Veneers and Painted Gloss.

...Now lets add a new colour with a Plain Silk finish in section (a) to complement the Pergamon Gloss.

...Or we could combine a Plain Silk and two contrasting Gloss finishes.

...Keeping the Graphite Plain Silk where it is, lets see what it would look like by including a Woodgrain finish in section (b).

...Now let's use one of my favourite colours. A Painted Priory Blue complemented by a Grey Bardolino and a Painted Veneer finish.

As you can see, your options are endless.

Take your time, have fun and in no time at all you will have created a look that is unique to you and a kitchen that captures the essence of contemporary style living.

Cucina Colore

Tereza Janda

Everybody wants an island in their kitchen, don't they? Let me show you some of my favourite designs.

Islands can be used as both a design feature and a functional additional to your new kitchen. The most successful islands combine stunning design with function, providing a base for working, storage and relaxation.

They can make a statement and be the focal point of a room, especially if they are large or have an unusual shape. Add some individuality with your island by mixing colours and materials along with iconic feature units.

Choosing a curved island creates a great focal point in your kitchen. This island has a feature glazed unit so you can store those items you wish to put on display.

To finish this island off it has a mirrored plinth to give the effect the island is floating.

This small yet functional island has it all, open display units to store everyday kitchen essentials within easy access, practical pan drawers and cooking area.

Keeping with the curved island, here we have feature curved end shelves to store everyday kitchen essentials within easy access.

This large island incorporates plenty of storage space along with the practicality of cooking and food preparation and also combines a seating area.

This feature island provides symmetrical storage with matching worktop and end panels that creates a true focal point.

Like the island above, this island has plenty of storage that combines a seating area around the cooking space which provides an intimate surrounding.

You can add a little extra style by having these open display units so you can put items on display within your kitchen.

If you do not have the space to accommodate a full island into your kitchen, have you ever considered a peninsula - an extension to your current base units that incorporates a seating area giving you the same practicality of an island with a smaller footprint.

This peninsula incorporates a small seating space for an intimate kitchen.

Choose your look... or a combination of looks.

A kitchen full of choices

LASTRA

HANDLE

The Lastra slab door can be used with an extensive range of handles.

Please see our extensive range of handles on pages 88 and 89.

FUTURA

TRUE HANDLELESS

The Futura door creates a true handleless look by using a profile available in aluminium, black gloss, white gloss, grey satin and dark bronze satin.

Choice of Futura profile finishes

Aluminium Black Gloss White Gloss Grey Satin Dark Bronze Satin

SEGRETO

INTEGRATED HANDLE

The Segreto door incorporates a clever 'J' handle to create a visually handleless look and feel.

Over the next few pages, let us inspire you with some ideas by showing you some of our favourite kitchen presentations where colours, textures and door styles combine to create a truly individual contemporary kitchen.

Pull out

Pull-Out Larder. Easy access to both sides

Swivel Larder Unit. Swings 90° left or right

Pull-Out Larder

This is the ideal storage solution for any modern fitted kitchen. All your groceries are easily seen and can be accessed from both sides. Height adjustable drawers glide effortlessly out of a secure unit simply by pulling gently. Saving time and effort this larder avoids the problem of groceries being lost and forgotten at the back of a cupboard.

Features and benefits

- Available in several widths
- Available in several heights
- Available in 4 or 6 non slip baskets
- High quality chrome baskets
- Stores weights up to 100kg (100 bags of sugar!)

Swivel Larder Unit

With all the advantages of the Pull-Out Larder, the Pull-Out Swing Larder glides out and swings 90° left or right giving even better access.

Features and benefits

- Gentle pull-out and swing operation which is easy to use
- High quality mechanism chrome baskets
- Stores weights up to 70kg

Pull-Out Larder

Swivel Larder Unit

storage

Larder and Base Unit Solutions

Storage Larder

Full Height Storage Larder

Storage Larder Unit

The Storage Larder Unit provides lots of space for bulk shopping.

Features and benefits

- Easy three-sided access
- Volumous storage in 5 separate drawers
- Available in various sizes

Tea Towel Pull-Out

Pull-Out Base Units

With the right fitting, narrow gaps can provide a surprising amount of storage space and functionality, so why not put that unused space to practical use.

Features and benefits

- Full extension runners
- A range of accessories available
- High quality chrome finishes
- 150 wide solutions
- Available in tea towel or storage basket versions

Storage Corner Solutions

Make the best out of storage space that sometimes goes unused.

Cantilever Carousel

The Ultimate Corner makes the most out of wasted storage space from the back of cupboards. The shelves are adjustable and swing out individually and completely so accessing any stored item couldn't be simpler.

Features & benefits

- Eliminates unnecessary lifting, bending or reaching
- Integrated soft stop
- Suitable for both highline and drawerline applications
- Load capacity of each shelf is 20kg
- Available to suit 450mm, 500mm and 600mm doors.
- A Reddot Design Award winner

Carousel Corner

The Carousel Corner is innovative and engineered so you have total control over the rotating movement. The doors fold away gently which make kitchen living very practical.

Features & benefits

- Grey or white anti-slip shelves with chrome wire galleries
- Revolving folding doors
- Height adjustable shelves
- Maximum load capacity: 25kg per shelf

Magic Corner

The Magic Corner fits two complete pull-outs into one corner unit. Pull once gently and both the front pull-out and the rear one move forward into easy reach in one flowing movement.

Features & benefits

- Utilise lost space in corner situations
- Grey or white anti-slip shelves with chrome wire galleries
- Maximum load capacity 32kg
- The frame height allows for taller items in the top basket or installation below a drawer line.
- Magic corner consists of 1 frame set and 1 basket set.

Vertical Swing Up Wall Unit

Ideal for higher wall units. Vertical Swing Up systems give easy access and utilise all of the cabinet space.

Features and benefits

- Good access.
- Easy to lift.
- Smooth mechanism with rest position.

Swing up Solutions

Make the best use of wall covered space and accessibility by incorporating a Bi-Fold Lift Solution.

Hand-operated Vertical Bi-Fold Wall Unit

Vertical Bi-Fold Wall Unit fitted with the Servo Drive System

Vertical Bi-Fold Wall Unit

The ultimate in ease of use. This can be hand-operated or can be fitted with the Servo Drive System which opens the Bi-Fold Door at the touch of a button.

Features and benefits

- One-touch open and close operation.
- Variable stop ensures lift system remains in the desired position.

blum

Drawer Solutions

Upgrade your drawer system

Standard Drawer - Grey

Standard Drawer - White

The grey or white Antaro drawer box is supplied as standard across our collection. The smooth sided drawer adds to a contemporary design. Integrated soft close ensures silent and effortless closing with just a light touch.

Legrabox Drawer Upgrade

This drawer box is linear and sleek in design, which provides a slim appearance in a contemporary grey finish. Integrated soft close ensures silent and effortless closing with just a light touch.

Wooden Drawer Upgrade

This wooden drawer box is the ultimate drawer box which gives a quality feel which complements the contemporary outer. Integrated soft close ensures silent and effortless closing with just a light touch.

Plastic cutlery inserts

Available in single drawer in 450 and 500mm depths, and with widths of 400 / 450 / 500 & 600mm or a double drawer of 800 / 900 & 1000mm wide with the option of a Beech knife block insert.

Worktop Solutions

Our UrbanTop range will create a truly continental look and feel with matching cabinets and panels to give a coordinated look in your kitchen.

UrbanTop 38mm laminate worktops are an alternative to natural or solid surface worktops, practical and authentic these worktops are available in a variety of colours and finishes to suit every taste, please turn to page 86 to view all our finishes.

1 Matching Cabinets

A selection of our worktop finishes are available in cabinets allowing you to create a seamless coordinated look.

2 Butchers Block Edging

Butchers block adds the perfect finish to woodgrain worktops that creates an authentic impression of a solid piece of timber.

3 End Panels

These panels are used to create a 'goal post' effect by encasing the units to provide a truly contemporary kitchen.

4 Framing

End panels can be used to encase units, this creates a uniformed and contemporary style for any modern kitchen.

5 Upstands

A cost effective alternative to tiling. You can mix and match to create the perfect combination of colour and material in your kitchen.

6 Wall Panelling

A contemporary alternative to tiling, a feature wall can be designed to create a seamless look - which is easier to maintain with minimal hassle and up keep required.

7 Cut & edged panels

Panels can be cut and edged to create breakfast bars and provide a practical element to a kitchen.

Select your cabinet & plinth finishes

Choosing the right finish for you.

Choosing your cabinet and plinth finish is important, you can colour match to your desired kitchen finish or you can choose a stark contrast to suit your personality. It's these touches that makes the kitchen your kitchen.

Cabinet with matching plinth

Rigid Plinths

Veneer Painted Rigid Plinths

Veneer cabinet & rigid plinths are available in all matching Horizontal Oak Veneer Painted door finishes.

Rigid & Flexible Plinths

* Mirror plinth is only available in a flexible plinth.

Choose your worktop finish

UrbanTop laminate worktops provide the essential combination of functional performance and creative flexibility to ensure your kitchen will look it's best.

Laminate worktops

A fantastic alternative to natural worktops and solid surface, great looking and a hard wearing option that won't let your kitchen design down in any way. They are stain, heat and impact resistant and available in a variety of colours and finishes to suit every taste.

Worktop Specifications

Thickness	38mm
Number of finishes	16
Widths	1,500 to 3,000mm

Edging thickness	1.5mm Edged all round
Worktop Edging	Matching Worktop Finish in Linear or Plain
End Finishing for Woodgrain	Butchers Block End Grain
Cut & Edged	Up to 3,000 x 1,200mm

Durability

The laminate surfaces are designed to withstand the stresses & strains of daily life, due to their high resistance against scratches and impact. Compared to real timber, our worktops are less prone to fading and changes after being exposed to direct sunlight. They are incredibly easy to look after, and unlike solid wood or stone surfaces, require minimal maintenance or repair.

Stain Resistance

To remove those hard stains such as red wine and coffee, simply use a damp cloth & mild surface cleaner to easily remove in minutes.

Impact Resistance

Every now and then, items stored away in cupboards can fall onto the surfaces. Our high density worktops are designed to withstand the impact of such items.

Heat Resistance

UrbanTop worktops have been rigorously tested against surface temperatures of up to 180 degrees and are designed to cope with the daily demands of a busy kitchen. We do however recommend the use of heat deflector plates above all built under ovens and dishwashers to protect the underside of the worktop surface.

Lightfastness

Unlike real timber, our laminate worktops are significantly less prone to fading and changes in colour caused from exposure to sun light.

Butchers Block

To create an authentic 'real wood' look UrbanTop have developed an 'End Grain' effect edging we call Butchers Block that is applied to the worktops at both ends giving the impression of real timber.

5 Year Guarantee

We're so confident that you won't be disappointed with the quality of our worktops that they come with a 5 year guarantee!

Handle choices

Cucina Cabinet

With extensive experience in both development and design, we are proud to offer one of the most highly specified cabinets available. All our kitchens are made to fulfil your individual order, and are manufactured to the very highest of standards.

Our quality drawer boxes are fully extendable allowing unrestricted access to the contents, and our 'soft close' system cushions both doors and drawers protecting fingers, cabinets and contents.

Choose from handles, plinths, feature leg systems and end panels to complete the look.

Cucina Colore

Benefits:

1. Rigid glue and dowel construction in 19mm high density material
2. Colour co-ordinated exterior/interior
3. Co-ordinated solid 19mm top shelf for extra rigidity
4. Co-ordinated solid 8mm back panels in all units
5. Concealed adjustable fixing brackets to attach unit securely to wall
6. 47mm working void for easy access to electrical and plumbing services
7. Drawer boxes with full extension and integrated Blum 'soft close' system
8. 110° Blum® Integrated Soft Close Clip-on Hinges for easy installation and adjustment
9. Adjustable shelves - 1 in Drawline, 2 in Hi-Line - supported by stainless steel shelf pegs
10. Adjustable high quality legs to compensate for uneven floors
11. Robust thermoplast in ABS edging on all cabinet edges.
12. Integrated door buffers
13. 10 year Guarantee on all cabinets

Mereway Cabinet The Ultimate Test!
